

# FTR150 TRACKED FEEDER

# ANACONDA<sup>®</sup>

A McLanahan Company

Specialists in Engineering Solutions for the Recycling and Material Handling Sectors

The Anaconda **FTR** Range of Mobile Tracked Feeders are designed for the Material Handling Sector and aim to reduce handling time and save stockpiling costs.

The **FTR150** is the mid-size of our Feed Loader Range. Fully equipped with a 15M Stockpiling Conveyor it allows for stockpiling or feeding of a range of applications. The **FTR150** has variable speed conveyors in order to facilitate for different applications such as sand, gravel, aggregates, compost, coal and wood chip.

The **FTR150** can be shipped worldwide within a 40' sea container and has become widely recognised in the market. Set up is simple and the machine can be running within 20 minutes of delivery. Commissioning is aided with the hydraulic controls to position and guide all the Conveyors and Landing Legs.

Anaconda stock a full range of spare parts as a display of our commitment to provide a dedicated and responsive service to all our customers.
